## ACKNOWLEDGEMENTS

The Provincial Monitoring Group (PMG) facilitated the development of a draft set of standards for home sharing that incorporated successful practices within the field (2002). These standards were reviewed and revised in October 2006 by Creative Community Solutions.

After a formal consultation process that invited feedback from key stakeholders, the standards were formally endorsed and adopted by CLBC in April 2007. These are now used as universal guidelines for the province.

CLBC would like to thank the Provincial Monitoring Group and its sister company, Creative Community Solutions, for their leadership in preparing the *Standards for Home Sharing*.

CLBC would also like to thank the many individuals, families, home sharing providers, service provision agencies, staff, and other interest groups who contributed to the development of the standards, provided feedback along the way, and supported the introduction of these standards.

Questions about this document or the standards can be directed to your local CLBC Quality Service Office. Contact information for each office can be found on our website ([www.communitylivingbc.ca](http://www.communitylivingbc.ca)) or by calling our head office (604.664.0101 / toll-free: 1.877.660.2522).
